Securing Firearms in Vehicles

Firearms theft from vehicles is rising. Many times when a firearm is stolen from a vehicle it is not even locked. Some states have laws on keeping your firearm out of unauthorized hands. Some can hold you responsible for firearms stolen from you that were not secured. Many of those laws are for storage in the home but applying it to your vehicle is not a big stretch. More and more local authorities are passing local ordinances that a firearm must be out of sight and the vehicle must be secured or you are in violation of the local ordinance. Lincoln Nebraska just passed such an ordinance. There are most likely a lot more local authorities who have passed such ordinances. Yes some states have Preemption so local authorities can't pass such ordinances. Some states do not. ALWAYS if you have to leave your firearm in a vehicle keep it out of sight and the vehicle locked. The trunk is the most secure place in a vehicle. Most smash and grabs are for stuff visible or in the glove box, center console and under the seats. It is your responsibility to secure your firearm and keep it out of unauthorized hands. Keep your firearm as secure as possible!

Clicking on section or state will take you to that section or state.

Carrying firearms in a vehicle without a permit/license is legal in some states. This is not legal advice and you should check with the proper authorities before transporting firearms in any state. Carrying firearms in vehicles is listed below for each state.

Note: See Each States Page at <https://handgunlaw.us> for information on the Minimum Age that a person can legally transport a handgun unloaded and secured in a vehicle.

Note: Be aware that when transporting any firearm in a vehicle that some states have laws concerning a firearm being accessible to unauthorized persons. This could be someone under age or someone who by state or federal law is not allowed to possess firearms. Keeping it in the glove box with an unauthorized person in the passenger seat or in the center console with an unauthorized person in the back seat who can access it may be against the law in some states. Always store a firearm in a vehicle so it is not accessible to any unauthorized persons.

Note: [Jerold E. Levine, Esq.](#) a New York Attorney and goes by “The Gun Lawyer” gave a good answer to the question of transporting firearms under 18 U.S.C. § 926A for the [Armed Citizens’ Legal Defense League](#). Some states have laws concerning carrying in National Forest. You must know the law.

In most states if it is legal for you to carry a firearm concealed in the state the National Forest is in you can carry your firearm concealed in a National Forest in that state. If it is legal to carry a firearm openly on your hip in the state the National Forest is in you can legally carry it that way in the National Forest in that state. Some

states have laws against carrying in National Forests in their state. Look at each states page to see if it is legal to carry in National Forests in that state.

Do be advised that any **Ranger Station** or **Visitors Center** in any National Forest is considered a **Federal Building**. It is illegal to carry any firearm into such a building either concealed or openly even with a CCW from the state the National Forest Ranger Station or Visitors Center is in.

Carry on Reservations is up to the Tribe and its Ordinances/laws. They fall outside the state laws on carrying firearms. Check with the Reservation Police/Government before carrying a firearm onto a Reservation. (a)

A person commits the offense of carrying a weapon if he or she possesses a handgun, knife, or club on or about <https://handgunlaw.us>

his or her person, in a vehicle occupied by him or her, or otherwise readily available for use with a purpose to attempt to unlawfully employ the handgun, knife, or club as a weapon against a person.

(c) It is permissible to carry a handgun under this section if at the time of the act of carrying a weapon:

(4) The person is carrying a weapon when upon a journey, unless the journey is through a commercial airport when presenting at the security checkpoint in the airport or is in the person's checked baggage and is not a lawfully declared weapon;

History: 2021, No. 956, § 2..

Note: On October 17, 2018 the Arkansas Appeals Court stated in case No. [CR-18-353](#) Jamie Taff v. State of Arkansas: (“*[I]n general merely possessing a handgun on your person . . . does not violate § 5-73-120(a) and may be done if it does not violate other laws or regulations.*”). Under the clear language of section 5-73-120(a), the possessor of a handgun must have an unlawful intent to employ it as a weapon against a person in order to make that possession a criminal act. So carry in a vehicle without a permit is legal for anyone who can legally possess a firearm.

(b) In order to determine whether or not a firearm is loaded for the purpose of enforcing this section, peace officers are authorized to examine any firearm carried by anyone on the person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory. HANDGUNS

California Penal Code section 25400 does not prevent a citizen of the United States over 18 years of age who is not lawfully prohibited from firearm possession, and who resides or is temporarily in California, from transporting by motor vehicle any pistol, revolver, or other firearm capable of being concealed upon the person provided the firearm is unloaded and stored in a locked container.

The term "locked container" means a secure container which is fully enclosed and locked by a padlock, key lock, combination lock, or similar locking device. This includes the trunk of a motor vehicle, but does not include the utility or glove compartment. For more information, refer to California Penal Code Section 25610.

SHOTGUNS AND RIFLES

Nonconcealable firearms (rifles and shotguns) are not generally covered within the provisions of California Penal Code section 25400 and therefore are not required to be transported in a locked container. However, as with any firearm, nonconcealable firearms must be unloaded while they are being transported. A rifle or shotgun that is defined as an assault weapon pursuant to Penal Code 30510 or 30515 must be transported in accordance with Penal Code section 25610.

REGISTERED ASSAULT WEAPONS

California Penal Code section 30945 requires that registered assault weapons may be transported only between specified locations and must be unloaded and in a locked container when transported.

The term "locked container" means a secure container which is fully enclosed and locked by a padlock, key lock, combination lock, or similar locking device. This includes the trunk of a motor vehicle, but does not include the utility or glove compartment. For more information, refer to California Penal Code Section 25610.

Penal Code 26055. Nothing in Section 25850 shall prevent any person from having a loaded weapon, if it is otherwise lawful, at the person's place of residence, including any temporary residence or campsite.

Operative January 1, 2012, by Sec. 10 of Ch. 711.)

Note: The firearm must be in a "LOCKED & SECURED CONTAINER." That is not the Glove Box or Console. It does not have to be in the trunk. If Unloaded and Secured in a locked container it can be anywhere in the vehicle. A trunk is considered a locked container if there is not a pass through from the rear seat into the trunk. Does a soft sided pistol rug with a padlock through the zipper so that it can not be unzipped without opening the lock a secured container? I don't know. The law just states a Secure Container. Though legal to carry loaded Magazines/Speedloaders in the same container as the firearm I am hearing that some jurisdictions are arresting people for doing just that. Use Caution. CA PC 26055 would allow you to keep a loaded firearm in your Hotel/Motel Room.

"Concealed firearm" means a loaded or unloaded handgun carried on or about a person completely or mostly concealed from view of the public or on or about a person within a vehicle.

P.A. 102-538, eff. 8-20-21

Note: If you stop you can store the loaded handgun in the vehicle in a closed compartment in a locked vehicle or in a locked case out of view in the vehicle. You can only leave your vehicle with a loaded handgun to store it in the trunk and retrieve it from the trunk right before you enter your vehicle. You can store it as specified in the law above.

Note: **20 IL Administrative Rules Section 1231.10 Definitions** "Within a Vehicle" means within the passenger compartment of a passenger or recreational vehicle or within a lockable container secured to a motorcycle.

Note: See "Chicago and Laser Sights" In the Places off Limits Section as Laser Sights are Illegal in Chicago.

Note: If you are traveling and don't have a permit/license from your state of residence you can transport the firearm unloaded and secured in a case in the trunk or in the back of an SUV. You must be able to legally possess the firearm in your state of residence. You can take it into your Motel/Hotel Room if they don't ban firearms in their Motel/Hotel.

July 8, 1986, 100 Stat. 766.)

From the IL State Police: Is it illegal to have ammunition in the case with the firearm?

No, if the firearm is unloaded and is properly enclosed in a case.

From the IL State Police: Can I keep a firearm in my hotel room when I travel?

Yes, assuming no local ordinance applies. The critical question is how the firearm was carried into the room and transported in a vehicle. Those actions must be done lawfully.

The below question and answer is from the Louisiana Concealed Handgun Permit Unit FAQ page.

CAN I CARRY MY HANDGUN IN MY VEHICLE?

Louisiana law does not expressly prohibit the carrying of handguns in vehicles. This is a complicated issue. We suggest that you refer to Louisiana Revised Statutes (L.R.S.) Title 14 Sections 95; 95.1; 95.2; 95.6; 95.7; 95.8. Information on these statutes can be obtained at [Louisiana Statutes](#).

Note: The law talks about on school property and that carry in a motor vehicle is a constitutionally protected activity. If it is on a restricted place then it must be state wide. LA does have state wide preemption so cities, towns etc can not make laws against carry in a vehicle.

If you are 21 years of age, 18 to 20 if in the Military or Veteran and can legally possess a firearm you can carry a loaded concealed handgun on your person anywhere it is legal to carry in Maine without any type of permit/license. That includes automobiles. See Maine Page at <https://handgunlaw.us> for restrictions that those carrying under permitless carry have that those with a permit/license Maine honors don't.

How can I legally transport firearms within / through Maryland?

Answer: They must be unloaded, in a carrying case, holster with a flap and the ammunition should be separate. It would be best to keep the unloaded weapon in the trunk where you do not have access to it. There are further regulations but essentially you can only transport a handgun between residence, to and from a repair shop, a shooting sporting event, between a residence and place of business if substantially owned and operated by the person. These restrictions on transportation do not apply to long guns.

Definition of Large Capacity Weapon

A weapon is large capacity if it is a semi-automatic handgun or rifle that is capable of accepting (or readily modifiable to accept) any detachable large capacity feeding device that holds more than ten rounds, OR if it is a shotgun capable of accepting more than five shotgun shells, OR if it is an assault weapon.

NOTE: A .22 caliber rifle with a fixed tubular magazine is not considered large capacity.

Transporting Guns in Motor Vehicles

CLASS "A" LTC: Allows the holder to transport a loaded or unloaded handgun on his person or in a motor vehicle if the handgun is under their direct control. Handgun does not have to be in a locked case or container.

CLASS "B" LTC: Allows the holder to transport a non-large capacity handgun. Handgun must be unloaded and secured in a locked trunk or locked container.

LARGE-CAPACITY RIFLES AND SHOTGUNS: No person possessing a large-capacity rifle or shotgun under a Class "A" or Class "B" permit shall possess said rifle or shotgun in a motor vehicle unless unloaded and contained within a locked trunk or in a locked case or other secure container.

NOTE: All rifles and shotguns must be unloaded when in or on a motor vehicle, but only large-capacity rifles and shotguns are subject to the storage requirement. This also applies to Muzzleloading or other Black Powder arms.

Q: Can I leave my gun in my car if I need to go into the store on my way home from the range or from hunting?

A: If your handgun or large capacity rifle or shotgun is transported in accordance with the provisions of [M.G.L. c. 140, §131C](#) (i.e. unloaded and in a locked case, locked trunk or other secure container) then the gun may be left unattended in the vehicle. Weapons transported in this manner will automatically be considered "stored or kept" in compliance with the safe storage requirements of [§131L](#).

A person leaving a non-large capacity rifle or shotgun in an unattended vehicle is required to lock the rifle or shotgun in a case/container or in the trunk, or install a mechanical locking device on the weapon (i.e. cable or trigger lock).

~~(2) A holder of a valid and lawfully issued permit to carry a handgun shall not leave a handgun outside of their immediate possession or control within a parked vehicle, unless the handgun is unloaded and contained in a closed and securely fastened case, or gunbox, and is not visible from outside of the vehicle, or is locked unloaded in the trunk or storage area of the vehicle.~~ [A 4769](#) 2022

New Jersey Law also states that before possessing or transporting any rifle or shotgun without first having obtained a New Jersey firearms purchaser identification card (FPIC), or possessing or transporting any handgun without first having obtained a New Jersey handgun carry permit is a violation of their law.

You can transport it from place of purchase to home. Home to a Certified Shooting Range. Going hunting but must have a valid hunting license. You just can't have it in your vehicle. Again the law says you must have a FPIC or NJ Carry Permit to even transport firearms in NJ. From all I read and have heard someone from outside NJ must have a very good reason to transport a firearm into NJ and better have the proper paperwork.

Handguns in Vehicles From the NC DPS FAQs

It is unlawful to carry a concealed handgun in a vehicle unless the person has a valid concealed carry permit. A person who is not a convicted felon may carry a handgun if not concealed.

A handgun is concealed in a vehicle if it cannot be readily seen by a person approaching and if it is readily accessible. A handgun under the front seat or in an unlocked glove box or console is illegal. A handgun openly displayed or in a locked glove box, locked console, or in the trunk is lawful.

Transporting Weapons From the North Carolina Sheriffs' Association

Given the general prohibition of carrying concealed weapons, individuals must be ever vigilant to ensure their particular situation cannot be construed as concealing a weapon, either on or about them, without being properly authorized to do so with a valid North Carolina or recognized out-of-state concealed handgun permit. Therefore, the permittee's accessibility to the weapon is of prime importance. It is unlawful to transport a weapon (absent a proper permit) that is BOTH concealed and readily accessible to a person. It is for these reasons, that when transporting a weapon in a vehicle, even greater care must be exercised to ensure that the weapon is not concealed and within the ready access to an occupant of the vehicle. North Carolina law does not specifically address how to transport a weapon in an automobile. Therefore, the central question becomes: when is the weapon concealed and readily accessible to an occupant of an automobile? Obviously, a weapon would be concealed and readily accessible, and therefore in violation of statelaw, if it were placed in such areas of a vehicle as under the seat of the automobile; in a bag in the back seat; or in some other manner that is covered or hidden within the easy reach of an occupant of the vehicle.

The prohibition on carrying concealed weapons applies not only to handguns and other weapons commonly thought of as being easily hidden, but also to “long guns” as well. Therefore, shotguns and rifles concealed behind the seat of pickup trucks, and elsewhere in other vehicles, could similarly violate North Carolina law.

As to those vehicles with no easily discernible trunk area (e.g., SUVs, vans, etc.), it becomes a factual determination of when the weapon is within ready and easy access to an occupant of the vehicle. If the weapon is concealed near, in close proximity to, or within the convenient control and access of an occupant, which would allow him/her to use the weapon quickly, then a fair probability exists that the occupant is in violation of the law. Therefore, care must be exercised by any occupant of any vehicle to ensure that weapons are securely locked away in as remote an area as possible, in relation to the passenger compartment of the vehicle. It is important to emphasize that these prohibitions apply to passengers, as well as drivers of any vehicle.

Note: In NC you can carry the firearm loaded and in your vehicle without any type of permit/license as long as it is visible. The law says you can't conceal it. So keep it in the open and you are legal.

From the Oregon Firearms Federation ([OFF FAQs](#)): Oregon has no State law against carrying a loaded handgun in your car as long as it’s :

- (a) Not concealed or
- (b) “Not readily accessible.” (If Concealed)

“Not readily accessible” (for now) means:

(4)(a) Except as provided in paragraph (b) of this subsection, a handgun is readily accessible within the meaning of this section if the handgun is within the passenger compartment of the vehicle.

(b) If a vehicle has no storage location that is outside the passenger compartment of the vehicle, a handgun is

not readily accessible within the meaning of this section if:

- (A) The handgun is stored in a closed and locked glove compartment, center console or other container; and
- (B) The key is not inserted into the lock, if the glove compartment, center console or other container unlocks with a key.

Note - However, localities are allowed to regulate loaded firearms in “public places” which now includes your car. This only applies to people without CHL’s So you need to check local regulations. In Portland, for example, you may not have a loaded gun anywhere in your car and you may not even have loaded magazines separate from the handgun. It must still, however, be either visible or “not readily accessible.”
